Independent Auditor's Report

Board of Supervisors
Harbour Waterway Special District
11554 Starboard Drive
Jacksonville, Florida 32225-1015

Opinion

I have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of Harbour Waterway Special District ("the District") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the District, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the District and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Organization's ability to continue as a going concern for a reasonable period of time.

Other Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consist of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated September 21, 2022 on my consideration of the District's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

In accordance with the *Rules of the Florida Auditor General*, I have also issued the management letter dated September 21, 2022.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that I identified during the audit.

Robert M. Thaggard, CPA
St. Augustine, Florida

HARBOUR WATERWAY SPECIAL DISTRICT
Management's Discussion and Analysis
For the Year Ended June 30, 2022
(Unaudited)

Management's discussion and analysis of Harbour Waterway Special District's (the "District") financial performance provides an analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

Overview of the Financial Statements

The District is engaged in a single governmental program and administers only two funds, the General Fund and the Reed Island Enterprise Fund.

The basic financial statements of the District include a combined governmental fund and a government-wide statement, as well as notes to the financial statements. There is additional supplementary information following these financial statements, which may be of interest to the reader.

The statement of Governmental Fund Balance Sheet/Statement of Net Position is designed to provide the reader with the financial position of the District and is similar to private-sector financial statements. The statements include a Statement of Net Position and a Statement of Activities.

The statement of Governmental Fund Balance Sheet/Statement of Net Position, general fund column shows the District's near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

All of the District's programs are considered to be governmental activities and are all related to the maintenance of the system of canals located in the Harbour, Harbour North, Harbour Cay, and Harbour Island neighborhoods. The District's primary source of funds for these activities is non-ad valorem assessment revenues from the property owners of the aforementioned neighborhoods.

The District has one business-type activity that is intended to recover any or all of these costs through user fees and charges. In February 2018 and again in April 2019, the District acquired a total of 182 acres from Jacksonville Port Authority and the City of Jacksonville on Reed Island as part of a plan to provide a permanent dredge disposal site for the District, other similar special districts, homeowner associations and private residences in Jacksonville. A Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position and a Statement of Cash Flows is presented for this Enterprise Fund, as applicable.

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide financial statements.

HARBOUR WATERWAY SPECIAL DISTRICT
Management's Discussion and Analysis
For the Year Ended June 30, 2022
(Unaudited)

Financial Highlights

The following are various financial highlights for fiscal year ended June 30, 2022:

In order to maintain the spoil site and surrounding properties, the District purchased an attachment for its T-66 Bobcat Track Loader for \$2,882. The District plans to purchase additional equipment to maintain the spoil site.

The District's overall net position increased by approximately \$1,224,338. This was primarily due to tipping fees collected from dredging projects related to the Reed Island spoil site.

Total ending net position was approximately a positive \$845,244.

The District had total expenses for the year of about \$197,436 compared to revenues of approximately \$1,421,774.

The District's acquisition of the Reed Island acreage for use as a spoil site will provide approximately 1.5 million cubic yards of fill space which is estimated to provide dredge material disposal requirements for the next 50 years. The District has reserved 450,000 cubic yards for its own needs and will make the remaining fill space available on a commercial basis.

In an exchange with an unrelated commercial dredge operator, the District allowed the operator to purchase 300,000 cubic yards of the spoil site for deposit of dredge material, plus an estimated additional 210,000 cubic yards in exchange for spoil site development. The operator paid tipping fees totaling \$1,687,500 over a 3 year period. In the fiscal year ended June 30, 2019 the District received 50% or \$843,750 as a down payment. In 2022, the operator purchased an additional 200,000 cubic yards of capacity for \$1,500,000, plus an estimated additional 152,000 cubic yards was granted to the operator in exchange for spoil site development. These fees have been reflected as unearned revenue in the accompanying proprietary fund financial statements.

In an agreement with another similar special district, the District is permitting Isle of Palms Special District to use 300,000 cubic yards of spoil site capacity for deposit of dredge material. Isle of Palms will pay tipping fees totaling \$1,187,500. In previous fiscal years, the District received \$593,750 as a down payment and has received two equal payments of \$197,917 each. The final payment totaling \$197,916 will be received in the next fiscal year. The total fees agreed upon has been reflected as unearned revenue in the accompanying proprietary fund financial statements until such time as the fees are earned.

Financial Analysis of the District

The following schedule provides a summary of the assets, liabilities and net position of the District.

Over time, net position may serve as a useful indicator of a district's financial position. In the case of the District, assets exceed liabilities by \$845,244 at the close of the fiscal year. This year of financial activity of the District reflects revenues in excess of expenses, resulting in an increase in net position.

While the statement of net position shows the change in net position, the statement of revenues, expenditures and changes in fund balance provides answers as to the nature and source of these changes.

Budgetary Highlights

There were no changes between the original and final budgets for the General Fund.

Assessment revenues received in the General Fund were \$22,056 more than the budgeted amount due primarily to returned and uncashed tax rebate checks of assessments to lot owners.

General Fund expenditures were \$967,545 lower than budgeted amounts due primarily the following: Mill Cove seawall repairs originally budgeted for \$750,000 were not undertaken in

HARBOUR WATERWAY SPECIAL DISTRICT
Management's Discussion and Analysis
For the Year Ended June 30, 2022
(Unaudited)

this fiscal year; spoil site development projects were \$30,499 under budget; acquiring and renovating a small marina within the District budgeted for \$165,000 was delayed; and equipment purchases to maintain the spoil site were delayed. All of these projects are anticipated to begin in fiscal year 2022-23.

Administrative expenditures were approximately \$8,690 higher than budgeted amounts due to higher personnel costs for time spent on the acquisition of the marina within the District's jurisdiction which will consummate next fiscal year. Personnel costs for the District's one part-time manager totaled \$68,690.

Economic Factors

The District's Board of Supervisors are anticipating that the District's financial condition will improve considerably due to the increase in its planned business-type activities in the future. With its land acquisitions the District will be able to provide dredge disposal services to other similar special districts and waterways in Jacksonville at favorable rates for at least the next 25 years.

Contacting the District's Financial Management

The financial report is designed to present users with a general overview of the District's finances and to demonstrate the District's accountability. If you have questions concerning any of the information provided in this report or need additional information, contact the District's Manager, Stanley H. Pipes, Jr. at 11554 Starboard Drive, Jacksonville, FL 32225.

Harbour Waterway Special District

Notes to Financial Statements

For the year ended June 30, 2022

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

The District is a dependent special district, created in 2010 by the City Council under ordinance number 2010-725-E-of the City of Jacksonville, Duval County, Florida pursuant to Section 189.4041 of the Florida Statutes; adopting a charter for the Harbour Waterway Special District for the limited purpose of maintaining the system of canals located in the Harbour, Harbour North, Harbour Cay, and Harbour Island neighborhoods. It operates under the direction of a Board of Supervisors elected by the registered voters within the District.

The District uses the criteria established in GASB Statement No. 14 to define the reporting entity and identify component units. Component units are legally separate entities for which the primary government is considered to be financially accountable and for which the nature and significance of their relationship with the primary government are such that exclusion would cause the District's financial statements to be misleading or incomplete. There are no entities to consider for inclusion as a component unit within the District's reporting entity. The District did not participate in any joint ventures during the 2021-2022 fiscal year.

Basic Financial Statements

The District is engaged in a single governmental program and administers two funds, the General Fund and the Reed Island Enterprise Fund. The Statement of Net Position reports the District's financial position as of the end of the fiscal year for the General Fund. The District has taken the option of presenting combined fund financial statements and government-wide statements using a columnar format that reconciles fund financial data to government-wide data in a separate column.

The Statements of Governmental Fund Balance Sheet and Net Position reports the District's financial position as of the end of the fiscal year for both the General Fund and the governmental activities.

The Statement of Revenues, Expenditures and Change in Fund Balances and the Statement of Activities reports changes in the financial position of the General Fund and the governmental activities, and the degree to which functional activities are offset by program revenues for the governmental activities.

Measurement, Basis of Accounting and Financial Statement Presentation

The financial statement of the District are prepared in accordance with generally accepted accounting principles (GAAP). The District's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

The District's governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures are recorded when the related liability is incurred.

Business-type activities and the proprietary fund financial statements are presented on the accrual basis of accounting. Fees and charges and other exchange revenues are recognized when earned and expenses are recognized when incurred.

Net Position

Net position represent the difference between assets and liabilities reported for the governmental activities. Net position is reported as restricted when there are externally imposed restrictions or restrictions imposed by enabling legislation. Unrestricted net position is net position that does not meet the definition of the classification previously described. As of June 30, 2022, the District had no restricted net position.

Harbour Waterway Special District

Notes to Financial Statements

For the year ended June 30, 2022

Cash and Cash Equivalents

All of the cash deposits of the District are placed with qualified public depositories and are insured by federal depository insurance.

Fund Types and Major Funds

Governmental Funds

General Fund - The general fund is the primary operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Proprietary Funds

Enterprise Fund - Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods or services. The activities reported in this fund are reported as business-type activities in the government-wide financial statements. The Reed Island Enterprise Fund is 182 acres with a 44 acre spoil site that is part of a plan to provide a permanent dredge disposal site for the District, other special districts, homeowner associations, and private residences in Jacksonville.

Budgets and Budgetary Accounting

The District prepares a budget for its General Fund-Statement of Revenues and Expenditures on a consistent basis, which does not differ materially from generally accepted accounting principles. The budget and amendments are approved by the District.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from those estimates.

Risk Management

The District is exposed to various risks of loss including general liability, property, and officials' liability. To manage its risks, the District has commercial insurance and participates in the Florida Mutual Insurance Trust administered by the Florida League of Cities. The District pays an annual premium to the Trust for its coverage. The premiums are designed to fund the liability risks assumed by the Trust and are based on certain actual exposures of each member.

Non-ad valorem Assessments and Collection

Florida Statutes requires that special districts provide for the collection and enforcement of non-ad valorem assessments, expressing the specific intent to use the uniform method of levy, collection and enforcement. The District has entered into an interlocal agreement with the Duval County Property Appraiser and the Duval County Tax Collector to administer the collection and enforcement of the non-ad valorem assessments.

Allowance for Doubtful Accounts

As explained in the paragraph above, delinquent taxes and special assessments are subject to collection by the Tax Collector's office through the sale of tax certificates on real property and the issuance of warrants for seizure and sale of tangible personal property. Consequently, an allowance for uncollectible accounts is not maintained because the District believes all amounts will ultimately be collected by the Duval County Tax Collector.

Note 2 - Concentration of Credit Risk

At June 30, 2022, a total of \$2,964,688 in cash is on deposit at one local financial institution which exceeds the federally insured maximum limits. The District has not experienced, nor does it anticipate, any losses with respect to such accounts.

Harbour Waterway Special District
Notes to Financial Statements
For the year ended June 30, 2022

Note 2 - Concentration of Credit Risk (Continued)

In addition to insurance provided by the Federal Deposit Insurance Corporation, deposits are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds. Under Florida Statutes Chapter 280, Florida Security for Public Deposit Act, the State Treasurer requires all Florida qualified depositories to deposit with the Treasurer or another banking institution eligible collateral. In the event of a failure of qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Note 3 - Capital Asset - Land

In February 2018 the District purchased a 138 acre parcel of land from Jacksonville Port Authority known as Reed Island. In May 2019 the District completed its purchase of a 44 acre parcel of land on Reed Island from the City of Jacksonville. These parcels were acquired at a cost of \$395,017 and are stated in the accompanying balance sheet at historical cost. This property is used as a dredge spoil site by the District. The District allows others who are similarly situated, such as homeowners associations and special districts, to use the property as a dredge spoil site on commercially reasonable terms as the District may establish.

Note 4 - Revenue Note Payable

Revenue Note payable at June 30, 2022 is as follows:

Series 2018

\$450,000 Harbour Waterway Special District, Duval County, Florida Taxable Special Assessment Revenue Note, Series 2018 was issued to pay the cost of the purchase of land to be used as a site for dredging spoils and to retire the outstanding balances of the Series 2012 and 2013 Revenue Notes. It is payable in annual installments on May 1 commencing May 1, 2019; interest rate is 4.5%.

Payments remaining are to be made as follows:

	Interest	Principal	Total
May 1, 2023	\$ 13,220	43,738	\$ 56,958
May 1, 2024	11,252	45,707	56,959
May 1, 2025	9,195	47,764	56,959
May 1, 2026	7,046	49,913	56,959
May 1, 2027	4,800	52,159	56,959
May 1, 2028	2,453	54,505	56,958
Total	<u>\$ 47,966</u>	<u>\$ 293,786</u>	<u>\$ 341,752</u>

The note is secured by the non-ad valorem assessments of the District.

Note 5 - Subsequent Events

Management has evaluated subsequent events through September 21, 2022, which is the date the financial statements were available to be issued. In the opinion of management, no events occurred subsequent to June 30, 2022 through September 21, 2022 that require adjustment to the accompanying financial

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Supervisors
Harbour Waterway Special District
Jacksonville, Florida

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Harbour Waterway Special District, which comprise the statement of net position as of June 30, 2022, and the related statements of revenues, expenses and changes in net position and cash flows for the fiscal year then ended, and the related notes to the financial statements, and have issued my report thereon dated September 21, 2022.

Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered Harbour Waterway Special District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Harbour Waterway Special District's internal control. Accordingly, I do not express an opinion on the effectiveness of the Harbour Waterway Special District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Harbour Waterway Special District's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

September 21, 2022

Board of Supervisors
Harbour Waterway Special District
Jacksonville, Florida

I have audited the basic financial statements of the Harbour Waterway Special District as of and for the year ended June 30, 2022 and have issued my report thereon dated September 21, 2022. I conducted my audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. I have issued my Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards. Disclosures in that report, which is dated September 21, 2022, should be considered in conjunction with this Management Letter.

Additionally, my audit was conducted in accordance with Chapter 10.550, Rules of the Auditor General, which governs the conduct of local governmental entity audits performed in the State of Florida. This letter includes the following information, which is not included in the aforementioned auditor's report.

CURRENT YEAR COMMENTS

Investment of Public Funds

Rules of the Auditor General require my audit to include a review of the Harbour Waterway Special District's compliance with Section 218.427, Florida Statutes, regarding the investment of public funds. In connection with my audit, I determined that the Harbour Waterway Special District complied with Section 218.427, Florida Statutes.

Current Year Recommendations

Rules of the Auditor General require that I address in the Management Letter any recommendations to improve financial management. In connection with my audit, I did not have any recommendations that are required to be reported in this letter.

Violations of Contracts and Grant Provisions or Abuse

Rules of the Auditor General require that I address violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but more than inconsequential. In connection with my audit, I did not have any such findings.

Matters Inconsequential to the Financial Statements

Rules of the Auditor General provides that the auditor may, based upon professional judgment, report the following matters that have an inconsequential effect on the financial statements, considering both quantitative and qualitative factors: (1) violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse; and (2) deficiencies in internal control that are not significant deficiencies. In connection with my audit for the fiscal year ended June 30, 2022, I did not have any such findings.

Oversight Unit and Component Units

Rules of the Auditor General require that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this Management Letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note 1 to the financial statements.

Consideration of Financial Emergency Criteria

Rules of the Auditor General require a statement be included as to whether or not the local government entity has met one or more of the conditions described in Section 218.503, Florida Statutes, and identification of the specific conditions met. In connection with my audit, I determined that the Harbour Waterway Special District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Annual Financial Report

Rules of the Auditor General require that I determine whether the annual financial report for Harbour Waterway Special District for the fiscal year ended June 30, 2022, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended June 30, 2022. In connection with my audit, I determined that these two reports were in substantial agreement.

Financial Condition Assessment Procedures

Rules of the Auditor General require that I apply financial condition assessment procedures. In connection with my audit, I applied financial condition assessment procedures. It is management's responsibility to monitor the Harbour Waterway Special District's financial condition, and my financial condition assessment was based in part on representations made by management and the review of financial information provided by management. The results of my procedures did not disclose any matters that are required to be reported.

Information of a Dependent Special District as Provided in Section 218.39(3)(a), Florida Statutes,

- (1) the total number of district employees compensated in the last pay period of the fiscal year;
HWSD had 1 part-time employee during the last pay period of FY2021-22.
- (2) the total number of independent contractors compensated in the last month of the fiscal year;
There were (4) four independent contractors.
- (3) all compensation paid or accrued to employees;
Total compensation paid to employees for the FY2021-22 was \$63,770.00.
- (4) all compensation paid or accrued to independent contractors;
Total compensation paid / accrued to independent contractors for the FY2021-22 was \$47,983.77.
- (5) each construction project with cost of at least \$65,000 approved by the district and scheduled to begin after October 1 of the reporting year and total expenditures of such project;
There were no construction projects in FY2021-22 over \$65,000.

- (6) a budget variance report based on the budget adopted under Section 189.016(4), Florida Statutes, and the amended budget under Section 189.016(6), Florida Statutes.

Attached is the budget variance report. My audit was conducted for the purposes of forming an opinion on the financial statements as a whole. The information on the next page is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, I do not express an opinion or provide any assurance on it.

This information is intended solely for the use of the Board of Supervisors of the Harbour Waterway Special District and the Florida Auditor General and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,
